PROFESSIONAL EXPERIENCE

Tunisie Telecom | CSC Sfax Medina
Technician Intern

Aout 2022

Acquired familiarity with telecommunications services and equipment, and developed an understanding of the hierarchical structure of telephone networks.

Polytech Plus
Technician Intern

Aout 2023

The project involves documenting the company's network architecture by identifying network ports and users connected to these ports as the first phase of preparation, using AutoCAD.

ESSE laboratory
Final Project Internship

Feb 2024 - May 2024

In this project, we develop an advanced merchandise distribution system using machine learning, which enhances inventory management, demand forecasting, and distribution efficiency. The system features web-based interfaces and electronic components to improve user interaction and automate tasks, creating a more responsive distribution ecosystem.
